Delicious Dining

The highland climate and wealth of pure spring water grows great vegetables. The delicious water makes excellent udon and soba noodles. Maitake mushrooms are cultivated to be closer to nature, with a firm texture and wonderful fragrance. The dishes of Katashina making use of such ingredients are incredibly fresh, with authentic flavors that fill the mouth, delighting the taste buds of all who experience them. The confections created using the special hanamame beans and mochi rice grown here also allow a natural sweetness to be enjoyed.
